Dear Sir,

I'm addressing this medical authority letter to appoint Mr. Sonu Kumar as my caretaker for my medical emergency at AIIMS hospital. I'm currently going through cancer treatment at the hospital and I have no relative who can take care of me during this medical emergency.

I hereby announce that Mr. Sonu Kumar would be my legal medical heir to take all the decisions regarding my medical emergency and Medical Records. He is a neighbor of mine and I have utmost faith in him to grant him such a big authority of the medical emergency for records.

I request you to authorize him as my legal caretaker through this medical authorization letter. Feel free to connect with me if you need further clarity on this authorization letter.

Regards

Bhupendra Sharma
