February 25, 2019

To,

Mr. Adam Fisher

Manager at HSBC Bank

Los Angeles, California 980872

Dear Mr. Adam Fisher

I'm Kelley Grey the current account holder at the HSBC bank and a loyal customer of the bank for the last 20 years. I'm writing this authorization letter to authorize my husband Mr. Charles Grey to act on my behalf concerning all the transactions on my account. I'm currently out of the country for some professional work and can't act on my account for quite a long time from here. This is why I'm going for this authorization so that my husband can execute some significant transactions on my account on my behalf.

I have mentioned the period of this authorization in the other details of the letter that you can check. Furthermore, I grant my husband to take all the rights on all kinds of transactions on my account for the time being. Kindly consider this letter in legal regard to executing this authorization in due time. If you have further inquiries on the same then you can reach me on my official contacts.

Thanks & regards

Kelley Grey
