Subject – Travel Authorization Letter

Dear Ma'am,

I'm Sana Charles the mother of Tom Charles for whom I'm addressing this travel authorization letter. My son Tom Charles wants to travel to the UK on September 28, 2020, to his maternal family. With this authorization letter, I wish to seek travel permission for him so that he can get on his journey to the UK on a timely basis. He is in perfect health condition to execute this travel without any health issues. Moreover, he also possesses health care insurance which is mandatory for a minor to travel out of the country. I further wish to convey that he is following all the norms and the guidelines for this travel.

I'm hereby, therefore, requesting you to kindly grant him permission to travel with Global Tourism airlines. With this authorization letter, I'm also providing my own permission to him for this travel in the legal context. If you have any further queries then you can reach out to me at my address or the mentioned contact number _____

Thanks & Regards

Yours Truly

Sana Charles
